

ZDMG, xxxii, 760,¹ suggested that we should find its origin in the Pers. کنج. This کنج which BQ defines as زر و کوهری که is cognate with Skt. गज्ज (=कीश) a *treasury* or *jewel room*,² and has been borrowed through the Aram. ܕܢܝܢ; Syr. ܕܢܝܢ into Arabic as كنز. It seems hardly likely that by another line of borrowing, through say Heb. ִנְנִיִּים³ or Mand. ܕܢܝܢܐ,⁴ it has come to form the Ar. خزانة.

Barth, *Etymol. Stud*, 51, makes the happier suggestion that it may be connected with the form that is behind the Heb. חֶסֶן *treasure*.

خَطِيءَ (*Khaṭi'a*).

To do wrong, sin.

Several verbal and nominal forms from this root occur in the Qur'ān, e.g. خَطَا by mistake (iv, 94); اَخْطَا to be in error, to sin (ii, 286; xxxiii, 5); خَاطِيءٌ (xxviii, 7; lxix, 37); خِطَا sin, error (xvii, 33); خَطِيئَةٌ, plu. خطايا sin, error (ii, 55, 75; iv, 112, etc.); and خاطيئة habitual sinfulness (lxix, 9; xcvi, 16).

The primitive meaning of the Semitic root was apparently to miss⁵ as in Heb. חָטָא (cf. Prov. viii, 36, חָטָא חִמּוֹ נַפְשׁוֹ "he who misses me wrongs himself"), and in the Eth. ጥፋ to fail to find. The Hiphil form in Heb. is used of markmanship, and חֲטִיף in S. Arabian seems to have the same meaning, as we may judge from two inscriptions given by Levy in ZDMG, xxiv, 195, 199 (cf. also Rossini, *Glossarium*, 155). It was from this sense of missing the mark that there developed the idea of to sin, which is the commonest use

¹ Cf. also his *Märtyrer*, 250.

² It is probably a loan-word in Skt. Lagarde, *GA*, 27, and *Arm. Stud*, § 453, thinks it is an old Median word.

³ Cf. Esth. iii, 9; iv, 7, ܕܢܝܢ.

⁴ Fraenkel, *Beitr. Assy*, iii, 181, takes it to be from Aram.

⁵ But see Zimmern, *Akkad. Fremdw*, 11.
